

Elebsiran sodium

Cat. No.:	HY-147266
Molecular Formula:	C ₄₈₅ H ₆₅₈ F ₉ N ₁₅₈ O ₂₉₄ P ₃₉ S ₆
Molecular Weight:	15855.9
Target:	Small Interfering RNA (siRNA); HBV
Pathway:	Epigenetics; Anti-infection
Storage:	-20°C, sealed storage, away from moisture * In solvent : -80°C, 6 months; -20°C, 1 month (sealed storage, away from moisture)

Elebsiran

BIOLOGICAL ACTIVITY

Description	Elebsiran sodium is a siRNA against hepatitis B and D virus infections ^[1] .
