

O-desmethyl Mebeverine acid

Cat. No.:	HY-12771		
CAS No.:	586357-02-0		
Molecular Formula:	C ₁₅ H ₂₃ NO ₃		
Molecular Weight:	265.35		
Target:	Drug Metabolite		
Pathway:	Metabolic Enzyme/Protease		
Storage:	Pure form	-20°C	3 years
		4°C	2 years
	In solvent	-80°C	6 months
		-20°C	1 month

BIOLOGICAL ACTIVITY

Description

O-desmethyl Mebeverine acid is a metabolite of Mebeverine, which is a musculotropic antispasmodic drug.

Caution: Product has not been fully validated for medical applications. For research use only.
