

## Urofollitropin

Cat. No.:	HY-107989
CAS No.:	97048-13-0
Target:	Antibiotic
Pathway:	Anti-infection
Storage:	Please store the product under the recommended conditions in the Certificate of Analysis.

# Urofollitropin

### BIOLOGICAL ACTIVITY

<b>Description</b>	Urofollitropin is a protein extract of human menopausal urine. Urofollitropin has the function of promoting follicle development and maturation, but contains very small amounts of urinary proteins <sup>[1]</sup> .
<b>In Vivo</b>	Urofollitropin is administered intramuscularly, whereas highly purified urofollitropin is given subcutaneously <sup>[1]</sup> . MCE has not independently confirmed the accuracy of these methods. They are for reference only.
