

## 1,1',3,3,3',3'-Hexamethylindodicarbocyanine iodide

Cat. No.:	HY-D1075
CAS No.:	36536-22-8
Molecular Formula:	C <sub>27</sub> H <sub>31</sub> IN <sub>2</sub>
Molecular Weight:	510.45
Target:	Fluorescent Dye
Pathway:	Others
Storage:	4°C, sealed storage, away from moisture and light * In solvent : -80°C, 6 months; -20°C, 1 month (sealed storage, away from moisture and light)

### BIOLOGICAL ACTIVITY

#### Description

1,1',3,3,3',3'-Hexamethylindodicarbocyanine iodide is a carbocyanine dye that stains mitochondria of live cells.

**Caution: Product has not been fully validated for medical applications. For research use only.**
