

## 4-Methoxyindole

|                    |                                  |       |          |
|--------------------|----------------------------------|-------|----------|
| Cat. No.:          | HY-59301                         |       |          |
| CAS No.:           | 4837-90-5                        |       |          |
| Molecular Formula: | C <sub>9</sub> H <sub>9</sub> NO |       |          |
| Molecular Weight:  | 147.17                           |       |          |
| Target:            | Biochemical Assay Reagents       |       |          |
| Pathway:           | Others                           |       |          |
| Storage:           | Powder                           | -20°C | 3 years  |
|                    |                                  | 4°C   | 2 years  |
|                    | In solvent                       | -80°C | 6 months |
|                    |                                  | -20°C | 1 month  |

### BIOLOGICAL ACTIVITY

#### Description

4-Methoxyindole is a biochemical reagent that can be used as a biological material or organic compound for life science related research.

**Caution: Product has not been fully validated for medical applications. For research use only.**
